PROGRAM STRUCTURE

The CSR Plenary

The primary area for keynote speakers, panel discussions, and major presentations is the central live content platform, serving as the focal point of the two days. Content is presented in various formats, including keynotes, ministerial interventions, in-conversation sessions, and panel discussions.

The CSR Impact Stages

Masterclasses led by experts with deep and comprehensive knowledge of the topics. These sessions provide structured learning experiences as they emphasize real-world, global perspectives, guidance and advice through a practical lens. Each session spans 45-60 minutes and includes time for audience Q&A.

The CSR Standards Stage

The standards stage brings together thought leaders from various sectors and industries to share their views, lived experiences, challenges, opportunities and best practices around a particular topic. The sessions span 45 minutes and are led by a moderator, with the speakers referred to as 'contributors'. The audience is also invited to put forward questions.
